Feedback from Bennet Secondary PGCE Students

26th January 2021

The presentation made me more aware of the needs of SEND children and some different resources, such as visuals and timetables to establish clear routines in the classroom. I also learnt that consistency is key, so this is something I would aim to ensure in my classroom.

lots of worked examples - thank you!

I am more aware of the use of visual timetables and the importance of consistency when using these.

The activities were helpful in establishing an understanding and empathy of how children with SEND experience the world.

I have a better understanding of how to interpret behaviours and help crises occurring

Gave good strategies and ideas which could be implemented for a student if needed
