Land Based Studies

I have been looking for good websites to use and the RSPB has lots of activities and challenges on it for you to do at home. You can make food for the birds, go on an indoor scavenger hunt or get crafty and make your own flowers. You can even take on the wild challenges and earn yourself awards of Bronze, Silver and Gold!

This week's activity

This week we're going to have a go at a wildlife survey. Have a look out your window or see what you can find in the garden or on your daily walk. I have attached Spot it! Sheets on wildlife, mini beasts and trees.

- You can print the sheets off
- Tick the sheet on an iPad or tablet
- Write the names of what you're looking for
- Or just go out and see what you can find

Tick off the wildlife and plants you see, draw a picture or take a photo!

This is what I saw in my garden 👌 The bottles are supposed to stop the squirrels getting to the bird feeder, but clearly that didn't work!
